Dear Parent/Carer

Re: BDAT Exam in Mathematics

Year 7 students across the BDAT academies will be sitting an exam in mathematics. This exam has been jointly designed by the heads of department and SLT from the BDAT secondary academies.

The exam will enable the academies to more accurately assess your child and then put in place a curriculum that best enables them to continue to make progress.

The exam will take place during the week commencing 18th June 2018, final date and time to be confirmed by text after the half term break.

It is important that your child prepares well for this exam so that they achieve their potential. To aid in their revision students will be provided with learn sheets. These will cover the content on the exam and are a good source of revision.

Students will need to ensure they have with them their minimum school equipment of **pens, pencils, a ruler and calculator** for the exam. This equipment can be bought from school if they need to replace any items.

The exam will take place within school hours and with this in mind please can you ensure that your child arrives punctually to school.

Please do not hesitate to contact me at school on the number below if you have any questions about the arrangements for the exam.

Yours sincerely

S Pickles
