Dear Parent/Carer

Re Update for Year 11 Students moving into Post 16

I hope you are keeping safe in these difficult circumstances.

In preparation for those students returning to Immanuel College for year 12, we have added transition work for all subjects we offer in post 16, to the school's study portal <http://www.immanuel.study>

We ask that students complete the work in the subjects they are thinking about taking next year. This will help students to prepare for the transition to post 16 and allow them to understand more about the subjects we offer.

If you have any questions please do email me matthew.ingle@immanuel.blensch.co.uk

I will be in touch again about the transition process once we have more information from the government.

Thank you as ever for your continued support.

Yours sincerely

Matthew Ingle
Head of Post 16 and Assistant Head teacher
